Melamine Floor Pads

FOR CLEANING AND RESTORING FLOORS

Melamine floor pads are made of an open-cell polymeric foam that produces outstanding results when cleaning floors.

- Effectively cleans VCT, Terrazzo, Tile, Concrete and Epoxy floors
- Removes black marks from floors
- Restores tile and grout without using harsh chemicals
- Reduces overall cleaning costs
- Available for orbital oscillating equipment

CLEAN & RESTORE YOUR FLOORS WITH MELAMINE FLOOR PADS

This pad is made using open-cell melamine foam which was originally created by BASF, and is laminated to nonwoven material made of 100% recycled polyester fibers. The melamine pad works miraculously to clean floors without removing the floor finish. It is mainly used on shallow grouted floors, cleaning any heavily soiled floors, and is excellent for removing stubborn black marks.

USE

This product is used for cleaning and restoring a variety of flooring: VCT (Vinyl Composite Tile), Terrazzo, Ceramic and Porcelain Tiles, Epoxy or Concrete Flooring. Ideal for use on machines up to 350 rpm.

CONSTRUCTION

This product is made of melamine foam laminated to a 100% recycled polyester nonwoven material and will not be affected by water or neutral cleaners.

DIRECTIONS FOR USE

- The incredible cleaning properties of melamine foam create an unusually high level of friction when introduced to the floor. It is important to add water, a neutral cleaning solution or a degreaser to both the floor pad and to the floor in order to reduce friction upon startup.
- Apply non woven pad driver side of melamine floor pad to floor cleaning machine, white melamine side facing down toward floor.
- Be sure to check machine pressure to avoid premature wear of pad.
- Avoid rough uneven surfaces which can wear out pad quickly.

PRODUCT CARE

To prolong life of this product avoid rough uneven surfaces, always check machine pressure on pad, make sure pad and floor are always wet. Always saturate pad and floor before use.

SUSTAINABILITY

- The Melamine Floor Pad does not require the use of harsh chemicals.
- Laminated nonwoven material is made with 100% recycled post-consumer polyester fibers.

EQUIPMENT

Best suited for standard orbital scrubbers.

PROPERTY	VALUE
White Foam	100% open-cell melamine foam
Brown Nonwoven Backing	Made of 100% recycled PET polyester fiber
Thickness	0.9" Total Melamine 0.6" / Nonwoven 0.3"
Weight (oz. / sq. yd.)	40
Size 14" x 20"	Part Number 1228000 (5/case)
14" x 28"	Part Number 1228002 (5/case)
Lamination System	Water-based Adhesive

Ideal for wet applications—must be completely saturated.
