

THE TRUE VALUE OF PLANNED MAINTENANCE

WHAT YOU NEED

Increased Productivity

Extend machine life and get a greater return on investment.

Decreased Downtime

Minimize frustration and costs associated with damage to machines.

WHY YOU NEED US

Expertise to Maintain the Machine

Properly trained technicians have the expertise and experience to make recommendations regarding the health of your machine.

Excellent Machine Health

Regular scheduled checkups prevent breakdowns, reduce downtime, and ensure longer machine life.

Budget Predictability

Remove unpleasant surprises in repair cost by maintaining the machine well.

Cost Savings

Most plans offer exclusive discounts and priority access to parts. Tennant *True*® parts ensure 100% compatibility between parts and machines, removing any chances of damage caused by parts that do not fit.

Increased Productivity

Increase productivity by providing your staff well-maintained equipment to work with.

WHAT YOU GET

Peace of Mind

Help prevent equipment failure before it occurs. Keep your operation running efficiently and productively.
